

Inova's Emergency Preparedness Fund

The COVID-19 pandemic is a crisis like no other our community has faced, but rest assured it is a crisis that all of us at Inova have planned, trained, and prepared for — for many years.

Our ability to deliver world-class healthcare is built on Inova values: Patient Always, Our People, One Team, Integrity and Excellence. While the challenges ahead are unprecedented, we remain committed to the promise of our mission: to provide world-class healthcare – every time, every touch – to each person in every community we have the privilege to serve.

At Inova, the generous support of our donors has provided the margin of excellence that allows us to deliver world-class care no matter the situation — we are most grateful. To safeguard our community and our dedicated care teams, Inova established the Emergency Preparedness Fund to help mitigate costs, anticipated and unanticipated, related to caring for our patients, their families and our team members during this pandemic, as well as any future emergencies.

Your Role in this Crisis

The most effective way to help support our COVID-19 response is by donating to Inova's Emergency Preparedness Fund. This is the quickest and most efficient way to get supplies immediately from vendors and suppliers we trust into the hands of our frontline heroes.

Donations to Inova's Emergency Preparedness Fund will support extraordinary expenses related to:

- Rising costs for personal protective equipment
- Increased staffing and training for frontline team members
- Purchase of additional ventilators and specialized equipment
- Childcare needs for our dedicated team members
- Emergency time off pay for time missed due to illness
- Creating additional patient care capacity in other facilities, should the need arise
- Increased services for non-COVID-19 patients via telehealth and home visits

Thank you for considering a gift to Inova during this pandemic. Your partnership with Inova is essential to helping us fulfill our mission, particularly during this global health crisis. Together we will save lives in our community and safeguard every Inova team member.

To support this fund, visit www.inova.gives/EPF, or email inovadonations@inova.org.

Expenses for Additional COVID-19 Resources Needed

Negative Pressure Room Conversions

133 rooms remain to complete (approximately \$10,000 to \$17,000 per room)

\$200,000 will allow Inova to convert **14 rooms to Negative Pressure Rooms**

Ventilators

Range from \$25,000 to \$50,000 depending on vent & technology

\$150,000 will allow Inova to purchase approximately **4 more Ventilators**

CRRT Machines

The system currently has 22 Continuous Renal Replacement Therapy (CRRT) machines. There is an urgent need to augment the supply of CRRT machines deployed throughout Inova. With a third or greater of the critically ill patients requiring CRRT, a minimum of 44 machines would be anticipated to meet a surge capacity, in addition to non-COVID baseline requirements.

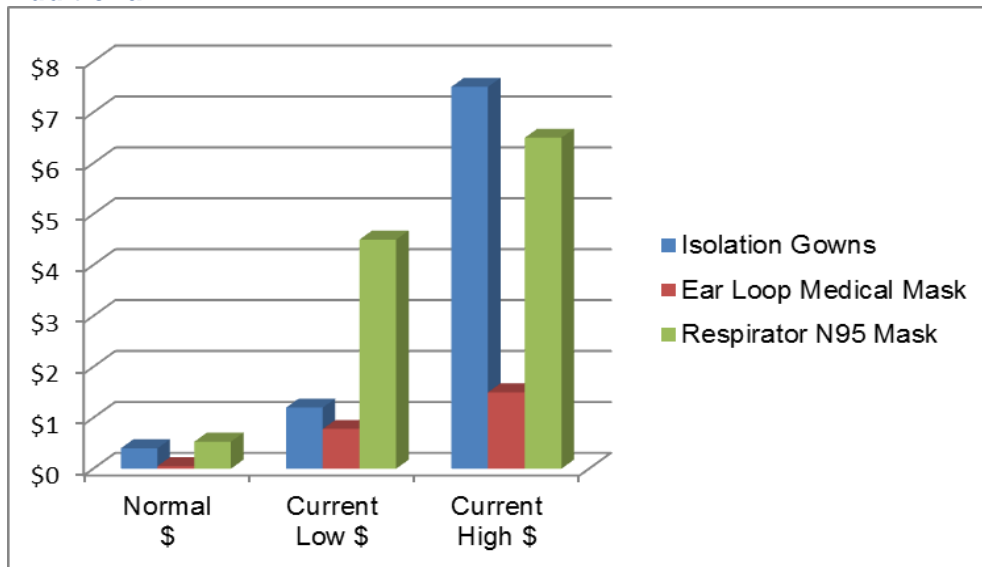

\$100,000 will allow Inova to purchase **4 CRRT Machines**

3M VersaFlo Powered Air Purifying Respirator (PAPR) System

Range from \$1,500 to \$1,700

\$50,000 will allow Inova to purchase approximately **30 more VersaFlo PAPR Systems**

Additional PPE

\$10,000 could allow Inova to purchase approximately **1,800 more N95 masks**

\$1,000 could allow Inova to purchase approximately **870 more ear loop medical masks**

\$500 could allow Inova to purchase approximately **90 more N95 masks**

\$150 could allow Inova to purchase approximately **130 more ear loop medical masks**

\$100 could allow Inova to purchase approximately **23 more isolation gowns**

\$50 could allow Inova to purchase approximately **44 more masks**
